

# DIRECT INSTRUCTION PROGRAMS AVAILABLE:

We offer a full compliment of SRA Direct Instruction Programs in various subjects including Reading Mastery. Reading Mastery is a proven, tested technique, teaching strong phonetic skills enabling the student to then concentrate on word and story comprehension.

## COMMON PROGRAMS INCLUDE:

- Reading Mastery
- Corrective Reading & Corrective Comprehension
- Corrective Spelling
- Reasoning and Writing
- Connecting Math Concepts
- And more...

# BENEFITS OF DIRECT INSTRUCTION

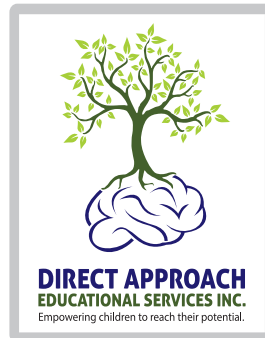

- Allows the instructor to explicitly introduce the concepts and skills being taught.
- Academically focused with the instructor clearly stating the goals for each lesson/session for the student.
- Students understanding and progress is closely monitored by the instructor.
- Feedback is provided to the student during each session allowing them to understand their errors.
- Built in repetition throughout each program.

# IS THIS FAMILIAR?

- Has a Direct Instruction Program been recommended for your child?
- Is your child having difficulty learning to read?
- Does your child dislike reading?
- Is your child having difficulties in the areas of math or written language?
- Do you feel your child requires more individualized attention when learning?

📘 DirectApproach

We offer a variety of Direct Instruction teaching methods in reading, math, writing & spelling all focusing on auditory, visual & tactile learning styles!

## WHAT IS DIRECT INSTRUCTION?

- Direct instruction is an explicit teaching technique that uses highly structured instructions to teach skills and sub-skills.
- Programs are presented following a scripted method of teaching ensuring constant interactions between the student and teacher.
- Uses clear instruction to eliminate misinterpretation.
- All skills are taught, practiced and reviewed to the point of mastery.
- All of our students are placed in a program based on individual assessments.

## PRIVATE ONE-TO-ONE TUTORING SESSIONS

- All of our sessions are one-on-one.
- Student progress is closely monitored on an individual basis.
- Individualized monitoring equips the students with all the necessary skills required for them to succeed independently.
- All instructors are highly trained in Direct Instruction teaching techniques.

## KEY FEATURES OF DIRECT INSTRUCTION TUTORING

- Breaks down & teaches specific skills to build into larger concepts.
- Students are tested through assessments providing high validity and high reliability.
- Students are always aware of what they are learning. Therefore, the objective of each session is never confusing.
- Students do not move forward until the concept is taught to mastery.
- Confidence is built on an individualized scale.

## TESTIMONIALS:

" Our daughter began the Reading Mastery program as an apprehensive and struggling student. School was incredibly frustrating - she resisted all attempts at learning, speaking in class or even making friends. The educators at Direct Approach literally taught her to read - no tears, no frustration, all smiles! Since those early days working with this company, we have now expanded our time to include both our children - each child gets weekly support in math and language to ensure they both feel prepared and self confident when they are at school. Direct Approach is the very best investment our family makes in our kids every week, hands down. As a parent, I can't thank you enough for the support and peace of mind you provide. "

*Julie Officer, Pickering, ON*

" Our son began grade 2 reading at a kindergarten level. His teacher recommended Direct Instruction. After 9 months of doing the reading mastery program with Direct Approach Educational Services, our son is reading at grade level! Now he enjoys reading and best of all, his confidence has increased dramatically. "

*KD, Toronto, ON*

" Direct Approach Educational Services has made a wonderful difference in my children's lives. It has changed the way they view learning into a positive experience. They used to fight going to school, now it is just part of our routine. My children have learning disabilities that affect the way they read and write and view learning as a whole. With the way Direct Approach teaches they have unlocked their knowledge and increased their ability to read, write and process the curriculum. C's and D's have turned into A's and B's. I'm confident my children will continue to learn and thrive with the Direct Approach Team to guide them. "

*Lois Smith, Pickering*
